Outreach programme at Bishnupur Tekjuri High School

The Department of Botany, Dhemaji College, conducted an Outreach Program at Bishnupur Tekjuri High School, Dhemaji from 1st February – 2nd February, 2022.

The objective of the Outreach Program was to advance the syllabus of Class IX and X and also clear the doubts of different chapters. A total of 30 students from each class were attended the class. After briefly introducing the syllabus, different biology chapters of science subject that students found difficult were taught thoroughly. The students were allowed to ask questions and clarify their doubts after the teaching session. Dr. Annajyoti Gogoi, Madhu Shastry, Shyamanta Pegu and, Dr. Bhaskar Sarma, the Botany Department faculty at Dhemaji College participated in the program and offered encouragement for future assistance.
