Educational Excursion to Badak, Arunachal Pradesh

Excursions are arranged to give exposure to students. Field education is equally important as classroom teaching. It adds vigor in learning processes and relieves monotones of indoor education. Field study is an essential part of botany as plants are best studied in their natural habitat. These tours also help to build good repo amongst students and teachers. As a part of B.Sc. Curriculum, one day trip to Badak, Arunachal Pradesh was organized by Department of Botany, Dhemaji College on 1st March, 2020. The major objective was to familiarize the students with the wild and cultivated flora and ecology of the region. The tour comprised students of B.Sc. 2nd , 4th and 6th semester accompanied by faculty members, Dr. Annajyoti Gogoi, Mr. Madhu Shastry, Mr. Shyamanta Pegu and Dr. Bhaskar Sarma. All the students were directed to gather at College at 5:30AM. Principal of the college Dr. Depak Kr. Neog wished all the students best and safe journey. We started our journey at 6:30 AM by bus and reached at 9:30 AM at the location. After the thorough visit, one hour lunch break was taken and the whole team had a lunch in bank of the river Siang with the enjoyment of nature's beauty. Students collected and studied plants for herbarium preparation under the guidance of faculty of Botany department, Dhemaji College. The trip successfully inculcated in students the practicality of different theoretical concepts of Botany.
