

REPORT ON THE CELEBRATION OF NATIONAL SCIENCE DAY

Organized Jointly by: Department of Mathematics & Department of Political Science, Dhemaji College, Dhemaji.

Date: February 28, 2026

Venue: Dr. Radhakrishnan Conference Hall, Dhemaji College

National Science Day is celebrated throughout India every year on 28th February to commemorate the discovery of the Raman Effect by Nobel Laureate Sir C. V. Raman. The day serves as an occasion to promote scientific awareness, encourage innovative thinking, and inspire students to appreciate the role of science in societal development.

In this spirit, the Department of Mathematics and the Department of Political Science, Dhemaji College, jointly organized a programme to celebrate National Science Day 2026. The event aimed to cultivate scientific temper among students and highlight the importance of scientific research and innovation in addressing contemporary challenges. The programme provided a platform for interaction between students and distinguished academicians, fostering curiosity and intellectual engagement.

The programme commenced in the Dr. Radhakrishnan Conference Hall with the seating of the President of the session Dr. Dipak Kumar Neog, Principal, Dhemaji College and the invited resource persons. The distinguished guests were warmly welcomed and felicitated by the organizers in recognition of their academic contributions and valuable presence.

The ceremonial lamp was lit by Mr. Dwipen Kakoti, Vice Principal, Dhemaji College, symbolizing the pursuit of knowledge and enlightenment through scientific inquiry.

Celebration of
NATIONAL SCIENCE DAY, 2026

"Women in Science: Catalyzing Vikshit Bharat"

A. Essay Writing Competition
Theme: Women in Science
Time: 09:15 - 10:00 AM

B. Academic Talk
Time: 10:00 AM onwards

Organized by:
Department of Mathematics & Political Science
in association with the
Internal Quality Assurance Cell (IQAC)
Dhemaji College, Dhemaji
28th February, 2026

RESOURCE PERSONS

Dr. Binita Pathak
Dept. of Physics
Dibrugarh University

Dr. Reeta Devi
Dept. of Physics
Dibrugarh University

HEAD
Deptt. Of Mathematics
Dhemaji College, Dhemaji

Dr. Dipak Kumar Neog, Principal, Dhemaji College, delivered the welcome address. He extended his greetings to the invited resource persons, faculty members, and students and emphasized the significance of National Science Day in promoting scientific awareness and rational thinking among young learners. He encouraged students to develop a spirit of inquiry and innovation for the advancement of society.

The highlight of the celebration was the academic session delivered by distinguished resource persons from the Department of Physics, Dibrugarh University.

Session I: Scientific Research and Contemporary Challenges

Resource Person: Dr. Binita Pathak, Assistant Professor, Department of Physics, Dibrugarh University.

Dr. Pathak delivered an insightful lecture highlighting the significance of scientific research in addressing contemporary global and local challenges. She emphasized the role of science in improving the quality of life, promoting sustainable development, and fostering innovation. Through practical examples, she encouraged students to cultivate scientific curiosity and critical thinking and stressed the importance of interdisciplinary approaches in modern research.

Session II: Physics and the Advancement of Scientific Knowledge

Resource Person: Dr. Reeta Devi, Assistant Professor, Department of Physics, Dibrugarh University.

Dr. Devi presented an engaging lecture on the contribution of physics to scientific and technological advancement. She discussed the evolution of scientific thought, the importance of fundamental research, and the transformative impact of scientific discoveries on society. She motivated students to pursue scientific learning and highlighted the crucial role of young researchers in shaping the future of science and technology.

An interactive session was organized following the lectures, during which students actively engaged with the resource persons. Participants raised questions on various scientific topics, research opportunities, and recent developments in science and technology. The resource persons provided thoughtful responses, making the session highly informative and inspiring for the students.

The programme also featured speeches by faculty members and students. The speakers reflected on the importance of scientific temperament, evidence-based thinking, and the role of education in nurturing future scientists and responsible citizens. Their contributions enriched the discussions and encouraged broader participation in the celebration.

As part of the National Science Day celebration, an Essay Writing Competition was organized for students of the college. The competition received enthusiastic participation from students representing various departments.

The winners of the competition were:

Position	Name of the Winners
First Position	1. Sukanya Sonowal
	2. Junmoni Borgohain
Second Position	1. Rakesh Chandra Das
	2. Trishna Jyoti Das
Third Position	1. Seban Upadhyay
	2. Bhaskar Jyoti Kalita

The winners were awarded prizes and certificates during the prize distribution ceremony. The organizers congratulated all participants for their enthusiasm and intellectual contributions.

The President of the session delivered the concluding address, highlighting the relevance of science in everyday life and emphasizing the need to nurture scientific thinking among students. The President appreciated the efforts of the organizing departments and encouraged students to continue exploring the world of science through study, observation, and research.

The programme concluded with a vote of thanks delivered by Mr. Abhijit Konch, Head of the Department of Mathematics, who expressed his sincere gratitude to the resource persons, the Principal, the Vice Principal, faculty members, students, and all individuals whose support and cooperation contributed to the successful organization of the event.
